

Victor Vargas

Full Stack Web Developer

Montreal, QC - (514)-377-2518 - Victorvaflo@gmail.com

Experienced web developer with a passion for creating innovative web solutions. With 2 years of experience in web programming, website design, and project management, I have worked with a variety of clients and projects. My technical skills include programming languages such as HTML, CSS, JavaScript, PHP, and frameworks like React and Vue.js. I also have experience in optimizing websites. My project management experience includes planning, organizing, and implementing successful projects using tools such as Trello, Jira, and Asana. My goal is to provide effective and customized web solutions for each client, using my technical skills and creativity to meet the specific needs of each project.
